INTERESTING

(Continued from Page 1.)

from accepting or using free transportation. The conferees were amusing this week when a delegation of banana and fruit shippers voiced a strong protest against the anti pass plank. They declared they were compelled to accompany their fruit to market on refrigerator cars, an insisted that they be exempted, the same as the stockraisers, from the provisions of the clause.

Feodor Alexiovitch Machnow, who hails from Russia and is credited as the tallest man in the world, called on President Roosevelt this week at the White House. Feodor looked down from a height of nine feet three inches on the chief Executive of the United States and his face expressed keen disappointment. He had expected to see the American "king" surrounded by gaudily dressed guards and clad in flowing robes of state. Instead, he shook hands with a bronzed man clothed in a negligee suit of white crash. The giant remarked the likeness between the German emperor and the President, but he didn't draw any invidious comparisons.

While the President was evidently glad to see the elongated Feodor, he reserved a cordial welcome for the giant's sponsor, "Parson" Davies. The promoter of pugilistic pleasantries was seized by Mr. Roosevelt and withdrawn into the latter's private office where the two discussed prize ring lore for nearly a half hour. At the end of the confab the "Parson" emerged smiling, but further than admitting that the President asked solicitously about Jeffries and seemed anxious to know whether the big Californian had left the ring for good he would not say what had been discussed.

"I guess, though, the President could give some of these would be sports aces and spades on boxing game," he said, lightly.

They Stand Alone.

Standing out in bold relief, all alone, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither—being of known composition.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases. A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are the best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted free, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential. It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

ing a cigar. "Why he even told me some things about the profession I didn't know myself. O, he's all right, all right!" And the pugilistic "parson" ambled off toward his hotel.

Not in a year has Congress done so much for the development of rivers and harbors as was accomplished this week. The passage in the Senate of the Lake Erie and Ohio River canal bill, authorizing the construction of this great work by a private corporation under government supervision, was only a starter. Following rapidly came a bill making appropriation for a thorough survey at Jamaica Bay, Long Island, for the purpose of determining the most feasible method of connecting that natural harbor with the open sea, and a measure authorizing an appropriation of \$10,000 for the commission to be appointed by the President to take the initial steps toward the building a ship canal to connect the Chesapeake and Delaware bays. It is evidently the intention of Congress to pay more attention to the subject of improvement of the country's natural waterways. Especially is this sentiment growing stronger in the West and South, where Congressmen find their constituents are alive to the great benefits that will accrue from the betterment of the streams. The National Rivers and Harbors Congress, which counts among its members many Congressmen from throughout the country, has been striving for years to impress on the national lawmakers the need for more liberal expenditures for this work. The organization is insistent that the \$19,000,000 that is annually appropriated is far too meager, and that it should be trebled. Even this last named sum would be only one-sixth of the annual outlay now made on the navy and army establishments and the pension list.

FAMOUS SPEAKER

Hon. Joel B. Fort, of Tennessee, Will Address Tobacco Growers of Hopkins County.

The Woodmen of the World have gone to considerable expense for an attraction for their Fourth of July Celebration that will be appreciated by every farmer in Hopkins county. They have secured the Hon. Joel B. Fort, of Tennessee, to deliver an address on the tobacco question at the fair grounds at 10 o'clock.

Mr. Fort is one of the best speakers in the South and his thorough knowledge of the tobacco question makes him a popular speaker before the farmers of this country. Perhaps no other man in the South has addressed as many men as Mr. Fort and this fact is a guarantee of his ability and familiarity with the question that concerns so many of our citizens.

The farmers of the county should appreciate the efforts of the Woodmen in their behalf and attend this meeting in large numbers.

Besides this feature there will be other attractions throughout the day that promises to make the day one of genuine enjoyment.

New Bridge for St. Louis.

Washington, June 26.—President Roosevelt today signed the bill authorizing the city of St. Louis, Mo., to build and operate and maintain a railroad, wagon and foot passenger bridge across the Mississippi river at that point.

CASTORIA.
The Kind You Have Always Bought
Bears the Signature of *Wm. D. Gifford*

Snow is the condensed vapor of the air frozen and precipitated to the earth. When the air is nearly saturated with vapor, and is acted on by a current of air below the freezing point, some of the vapor is condensed and frozen into snow. The largest flakes are formed when the air abounds with vapor.

BOY'S HEAD ONE SOLID SORE

Hair All Came Out and He Suffered Very Much—Under Doctor Three Months and No Better—Permanently Cured at Expense of \$2.

CUTICURA REMEDIES WORK WONDERS

Mr. A. C. Barnett, proprietor of a general store in Avar, Oklahoma, tells in the following grateful letter how Cuticura cured him and his son of terrible eczemas:

"My little boy had eczema. His head was one solid sore, all over his scalp; his hair all came out, and he suffered very much. I had a physician treat him, but at the end of three months he was no better. I remembered that the Cuticura Remedies had cured me, and after giving him two bottles of Cuticura Resolvent, according to directions, and using Cuticura Soap and Ointment on him daily, his eczema left him, his hair grew again, and neither he nor myself have had any eczema since."

As to his own case, Mr. Barnett says: "I suffered with eczema, a burning, itching, breaking out on my face for more than a year. I took treatment from physicians for several months, which did no good. I was then advised to try Cuticura. I took six bottles of Cuticura Resolvent, and used Cuticura Soap and Ointment freely every day. I began to improve soon after starting to use them, and when I had taken the six bottles of the Resolvent my face had become clear, I had good color, and all eruptions had left me."

"We use the Cuticura Soap and Ointment in our family now for general use, and it keeps our skin soft and healthy. I cheerfully recommend the Cuticura Remedies for all cases of eczema. (signed) A. C. Barnett, Avar, Oklahoma, Mar. 30, 1905."

Complete External and Internal Treatment for every humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 25c., Resolvent, 50c. (in form of Chocolate Coated Pills, 50c. per vial of 60), may be had of all druggists. A single bottle often cures. Potter Drug & Chem. Corp., Sole Prop., Boston. *Get Mailed Free.* "All about the Skin, Scalp, and Hair."

An Animal Story For Little Folks

THE UNFAITHFUL GIRAFFE'S FATE

The giraffe and the rooster once formed a partnership. They agreed to share and share alike all things they got.

One day after they had looked in vain for something to eat they came to a tall banana tree.

"Ah, here we are!" cried Mr. Rooster. "Help yourself, Brother Giraffe, and toss a few of the juicy bananas down here to me."

But Mr. Giraffe had forgotten the bargain he had made.

"COME UP AND HELP YOURSELF."
"Hand me a banana, I say!" cried Mr. Rooster. "I am so hungry I can hardly see straight. Hand me a banana or two."

But Mr. Giraffe only laughed and said: "There is plenty of good, ripe fruit up here, partner. Come up and help yourself."

"Very well," replied Mr. Rooster. "If you will not let me share your dinner I shall let everybody know that you are here."

Then he raised himself upon his toes, flapped his wings and crowed as loud as he could, "Cock-a-doodle-doo-o-o-o-o!"

Some hunters who were near by heard the rooster and came running to the scene. They threw a lasso about the giraffe's neck and took him away to spend the rest of his days in a circus. The rooster they gave a good home, and he lived to a ripe age very happily.—Atlanta Constitution.

"Bits-o-Blue Grass."

An attractive little book handsomely illustrated, and attractively bound is now in course of preparation. This little volume of poetical gems are carefully selected verses from the versatile pen of Blue G. Bard (J. E. Fawcett) as only a limited number will constitute the first edition it is advisable that you mail your order to this office at once. Price 50 cents.

How Are Your Kidneys?
